

Opportunity to Participate in a Research Study

A research team from the Penn State College of Medicine is recruiting ***Type 1 Diabetes*** patients to participate in a phone interview.

- They want to know your successes and challenges in managing your Type 1 Diabetes.
- The interview will last for approximately 30 minutes.
- You will be compensated with a \$20 Amazon.com gift card for your time.

To see if you are eligible, please access the survey at:

<https://redcap.ctsi.psu.edu/redcap/surveys/?s=HJEKP9MAD3>

If you have any questions, please contact the Penn State Department of Family & Community Medicine at 717-531-0003 ext. 283282 or email the study coordinator, Erin McGinley, at emcginley@hmc.psu.edu

Study Directors: Sean M. Oser, MD, MPH, Department of Family & Community Medicine & Heather L. Stuckey, DEd, Departments of Medicine, Public Health Sciences, and Humanities

This research study has been approved by the Institutional Review Board, under federal regulations at Penn State Hershey Medical Center, Penn State College of Medicine.
